

At the moment schools are following Government rules.

This is because the Government doesn't want the Corona virus to

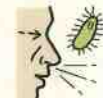

spread to everyone.

Most children will be OK and will be OK to go to school.

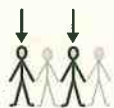

Some adults are old or already be ill with something else

and they might not be OK with Corona virus.

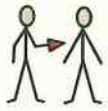

So some children might be OK in school and will continue to

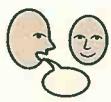

attend some children might have to stay home.

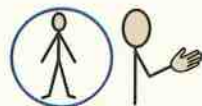

If you are a child that has to stay home then school will

tell your parent/carer what you need to do.

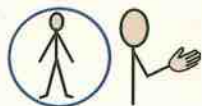

School might send work home for you?

School might give parent/carer work for you to do at

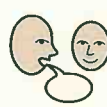

home.

Your parent/carer might offer to help you with your

work?

The Government will tell schools what they need to do

to keep people safe

The Government will let schools know when they can

let their pupils/students back into school.

Try to do your school work at home, try to accept

help from your parent/carer.

Try to do some things that you like to do too.

Your parent/carer might offer some alternatives for contacting

your friends remotely using technology?
